

Northwest Arkansas Regional Airport (XNA) Access Study

Job 090069

Background

The Arkansas Department of Transportation (Department) has contracted with Garver to perform an Environmental Assessment for a connector road to the Northwest Arkansas Regional Airport (XNA). The scope of work also includes roadway and bridge design plans for the alignment, which will be determined through the Environmental Assessment process.

The purpose of the proposed project is to provide a highway connection for the reliable and efficient movement of air transportation passengers and property between the Northwest Arkansas Regional Airport (XNA) and the Springdale Northern Bypass (Hwy. 612). The project is estimated to be approximately 4 miles long.

Alternatives

The following alignment alternatives will be considered and evaluated.

- No build
- One alternative on new location
- One alternative on partial new location
- One alternative that improves existing Highways 112 and 264

Public Meeting Purpose

The project team has developed various alternatives to connect the Northwest Arkansas Regional Airport (XNA) and the Springdale Northern Bypass (Hwy. 612). We would like your input on which alternative would provide the best connectivity for the area.

We appreciate your involvement in this study and any comments or questions you provide on the materials and information presented at this public meeting. Comments may be submitted through Friday, December 20, 2019. There is also an online comment form available at XNAAccess.TransportationPlanRoom.com.
